Travel Program

Day 1: Arrival in Lima

¡Bienvenidos! Welcome to Lima, Peru’s largest city and central metropolitan hub, and home to one-third of the country’s population. Located at the site of a pre-Columbian indigenous Ychsma settlement, which was conquered by the Inca empire in the 15th century and later by the Spanish *conquistadores*, Lima has a fascinating history and a diverse mix of cultures. Amerindian, European, Afro-Peruvian, and Asian—especially Chinese and Japanese—influences make Lima a dynamic and exciting city to explore.

Lima’s breezy location on the Pacific Ocean and mild desert climate make it the perfect city for exploring on foot. Head downtown to mingle with locals, stretch your legs, and grab a bite to eat in one of the many award-winning restaurants.

Suggested activities include:

- **Explore the historic center of Lima**, a UNESCO World Heritage Site packed with fascinating Spanish architecture. Start with a scenic tour of the colonial downtown, which emanates from the main square. Stroll over to the 16th-century Cathedral, which took 80 years to construct and was built in the grandiose style of the Spanish Empire.
- **Visit the Casa Aliaga**, a colonial mansion granted by chief conquistador Francisco Pizarro to Jerónimo de Aliaga, one of his captains, in 1535. This is the only house from that era that still belongs to the same family.
- **Stroll around the Pueblo Libre district** to the privately owned Larco Museum of pre-Columbian art, housed in a beautifully restored viceregal mansion built over a 7th-century pre-Columbian pyramid. The museum boasts a vast pre-Colonial collection of gold and silver artifacts.
- In the evening, **head to the eclectic “Love Park”** in the upscale coastal district of Miraflores, where you can admire a huge kissing statue and beautiful mosaic walls. The park is built on the cliffs of Chorrillos and is a perfect place to enjoy a spectacular sunset over the Pacific.
- **Enjoy a nightcap** at an open-air cafe or restaurant in the diverse Miraflores neighborhood.

Day 2: Nazca Lines & Huacachina Adventure: Lima – Nazca Lines – Huacachina – Paracas

Your day begins with a 6:30 AM pick up from your hotel in Lima, followed by a scenic 4-hour drive along the coast south to the seaside town of **Paracas**. After arriving, transfer to the nearby airport in Pisco. From here you will take a 90-minute flight south aboard a 12-passenger Cessna Grand Caravan to view the sprawling **Nazca Lines**. You will get a chance to see many of the most famous geoglyphs,

including the hummingbird, dog, tree, whale, lizard, and more.

These massive images, the longest of which are 1,200 ft (370 m), vary from geometric lines to figures of animals and people. Due to the stable environment of the Nazca desert, these geoglyphs—which were created by removing the top layer of iron-oxide coated pebbles to reveal the light-colored clay underneath—have been remarkably well preserved.

After the flight head to **Huacachina** for an adventure in the desert sand dunes. Hop on a sandboard to surf down the larger dunes.

In the evening, transfer to your hotel in Paracas.

Day 3: Free Day in Lima – History & Museums: Paracas to Lima

After breakfast, transfer from Paracas back to Lima. Take the rest of today to explore Lima's art, architecture, and history at your leisure. Head to some of Lima's best museums, stretch your legs, and grab a bite to eat in one of the many award-winning restaurants.

Take a ramble along the **Miraflores** clifftops with their lovely landscaped parks and slot in an afternoon of culture with visits to either the **Museo de Arte Contemporaneo** (Museum of Contemporary art) or the restored pyramid of **Huaca Pucllana**, a monument to the pre-Inca Lima culture bizarrely jutting up in the midst of leafy Miraflores.

Allow a half day at least for exploring central Lima. Focus your explorations on the impressive **Plaza Mayor**. Here the impressive Cathedral contains the remains of city founder Francisco Pizarro, whilst striking facades assail you from every angle: the Moorish balconies of Palacio Arzobispal and the

beautiful baroque Palacio de Gobierno, home of Peru's President. Other architectural highlights include the city's most captivating church, the Iglesia de Santo Domingo.

Next, head to the exquisite **Museo Larco** for a spellbinding introduction to all of Peru's ancient cultures, presented wonderfully and told through some intriguing ceramics and artifacts.

End the day by enjoying a delicious dinner at one of Lima's best restaurants, then head out for a nightcap at one of the city's celebrated cocktail bars.

Day 4: Arrival in Cusco, Transfer to Hotel

Enjoy breakfast at your hotel in Paracas before departing for Lima. Upon arrival in Lima, transfer to the airport for your flight to **Cusco**.

Remember: you will be 11,000 feet (3,000 m) above sea level, so take it easy and remember to drink lots of water. Take a walk through the plaza — if the weather is beautiful, it's a perfect place to sit and have a cup of coca tea while adjusting to the elevation.

In the evening, take the opportunity to experience Cusco's celebrated culinary heritage at a local restaurant.

Day 5: Sacred Valley Tour: Cusco – Pisac – Ollantaytambo

In the morning, head to the Awana Kancha Llama Sanctuary, located halfway between Cusco and **Pisac**. Visit with the alpacas and llamas, then head over to the weaving and textiles exhibition. Local artists demonstrate the process of cleaning, spinning, dyeing, and weaving the intricate details on the colorful textiles. Afterward, browse the shop to select a piece of your own to bring home—each one is a unique and handmade treasure.

Continue to the town of Pisac, famous for its bustling textile market. Select from a wide assortment of colors, styles, and designs for gifts and souvenirs to take home with you.

Relax in the afternoon at Cerveceria del Valle, a family-owned craft brewery producing Andean-inspired ales and lagers. Join a guided tour around the brewery before a tasting session to sample the selection of beers on tap. The beer is made using the highest-quality ingredients and brewed with glacial spring water from over 13,000 feet above sea level.

From here, head to the ancient Incan city of **Ollantaytambo**. Explore the tranquil plaza and surrounding ruins and Inca Fortress, which offer an unparalleled view into the lives of the Inca.

Day 6: Via Ferrata, Ziplining, & Train to Aguas Calientes

Transfer from your hotel in Ollantaytambo to **Pachar** where you will start by climbing 1,312 ft (400 m) up the side of the cliff on the **via ferrata**—a series of metal steps built into the wall. From the top, descend into the valley on a series of exhilarating zip-line rides. You will then have lunch at the **Skylodge Adventure Suite** while enjoying the beautiful views of the Sacred Valley. After lunch, you will descend the mountain by ziplining or rappelling your way down before arriving safely at the valley floor far below you.

Later, return to **Ollantaytambo** to take the local train to **Aguas Calientes**, the base for most Machu Picchu adventures. The ride takes you through a valley and into the **Urubamba River** canyon, then into the cloud forest as you near the Machu Picchu sanctuary.

Aguas Calientes contains the train station, a craft market, restaurants, and a variety of hotels for those who prefer to spend the night at the foot of the mountain and climb it early in the day. Settle in and relax before your exciting day tomorrow.

Day 7: Machu Picchu Excursion: Aguas Calientes – Machu Picchu – Cusco

After an early breakfast, take the first bus up to the **Machu Picchu** ruins to catch the sunrise at the ancient site. This 15th-century Inca citadel is located at 7,970 ft (2,430 m) and is a masterpiece of engineering that served as a sanctuary and retreat for the Incan Emperor Pachacutec and his royal court. Machu Picchu, which means “Old Mountain,” is considered a World Heritage Site by UNESCO and is one of the new Seven Wonders of the World.

Built as a seasonal residence for the Inca family, Machu Picchu was rarely home to more than 800 people, and during the royals’ absence, a mere 100 servants would remain at the site to maintain the grounds. Machu Picchu was abandoned 100 years after construction due to the Spanish conquest and remained largely hidden to the outside world until the early 20th century.

Your guide will lead you around the site and explain the different buildings and curious corners of the building complex. Approximately one-third of the site has been reconstructed into its original structure, giving visitors a sense for the grandeur and artistry of the original citadel.

If you feel like an uphill challenge, you have the option to climb the infamous **Huayna Picchu** or **Machu Picchu Mountain**. It is important to know that to climb these peaks, you need to buy separate tickets in advance.

After the two-hour tour, take the bus back to Aguas Calientes to connect to your train to Ollantaytambo and your connecting transfer to Cusco.

Day 8: Arriving in Puno: Cusco – Puno

Transfer to the Cusco airport to catch your flight to Juliaca and transfer to the city of **Puno**, located on the shores of **Lake Titicaca**. Lake Titicaca is the largest lake in South America. Although many bodies of water exist at higher elevations, Lake Titicaca's surface elevation of 12,507 ft (3,812 m) makes it the highest lake in the world that is navigable by large commercial vessels.

Lake Titicaca is a hotbed of ecological diversity, archaeological ruins, tourism, and modern-day farming communities. The coastline outside of Puno is home to the Uros people, who live on floating reed islands made from the *titora* plant, a thick buoyant reed. Titora is used to make everything from homes and boats to the islands nearly half the size of a football field. The Uros people offer guided tours to their homes and sell traditional handicrafts to supplement their traditional hunting and fishing economy.

Several other ethnic groups, most notably the Quechua and Taquileños, inhabit several of the other larger islands on the lake, the majority of which have no electricity or paved roads. Visitors are welcome to select homes on this island for homestays.

Photographers and naturalists will enjoy seeing some of the many hundreds of aquatic and bird species, many of which are found nowhere else on earth.

It's a good idea to take it easy on your first day and acclimatize the elevation. Drink lots of water and make sure to rest. After arrival, check out some of the town's restaurants and cafes for a fresh and local dining experience.

Day 9: Lake Titicaca Tour: Uros Floating Islands & Taquile Island

Be sure to fuel up at breakfast this morning, as this full-day experience will last around 9 hours.

Your first stop will be to one of the floating **Uros islands**. It is believed that the Uros were one of the first ethnic groups to populate the Andean region. The Uros people live on man-made floating islands, which are constructed out of the totora reeds that grow in abundance around the lake. During your visit to these islands, you'll learn about their everyday life and traditions.

After your visit to the floating island, you'll head to lunch at a local restaurant on **Taquile Island***. Quinoa soup, fresh fish caught in the lake, and vegetables are a typical lunchtime meal in Taquile. After lunch, explore **Taquile Island**. This island remained mostly isolated from the outside world until the 1950s, and as a result, the Taquileños follow a very different way of life. On the island, decisions are made communally, there are no cars, and there is very little electricity – just the way the Taquileños like it. Taquile is also famous for the exquisite weavings created by local artists. Traditionally, the men spin the thread, and the women design and weave each piece. You'll have the opportunity to learn about the lives and traditions of the Taquileños, and appreciate the stunning views of Lake Titicaca from the island's shores.

In the evening, walk back to the main dock in Taquile and board a boat back to Puno. Upon arrival in Puno, transfer to your hotel for the evening.

*Note: Visiting Taquile requires a strenuous climb up 500 steps to the main part of the island. Elevation ranges from around 12,000 ft (3660 m) at the lakeshore up to 13,000+ ft (3960 m) at the highest point.

Dressing appropriately for the mountains can make the difference between a pleasant trip and a really uncomfortable one. Clothing must provide the right degree of temperature, perspiration and be well ventilated. Preferably cotton clothing should be avoided, as in humid conditions they absorb body heat.

In general, the weather conditions in in the Andes of South America can vary from day to day and even throughout the day. Therefore, clothing must be versatile.

Please do not hesitate to contact us with any questions you may have regarding the necessary equipment.

Frequently Asked Questions

What our travelers or clients always ask questions before joining our trips, tours & expeditions, read all the information provided here.

Suggested FAQs

[What experience and how fit do I need to be to climb this mountain? Is this program suitable for children or older people?](#)

For our mountain climbing trips: If they are easily accessible mountains: For easy-climb mountains, well, you don't need much experience, but if you already want to climb mountains above 6,000 meters and the conditions become more difficult, we recommend if you already want to go through mountains above 6,000 meters, have a basic or intermediate course for a good preparation. It is very important to be physically, technically and psychologically prepared.

Regarding the preparation of children: Everything will depend on which mountain you want to climb with your children, once you are clear on which of our tours or mountains you want to go with your children, we can give you some advice or see how to prepare them before going with them.

Regarding older people: It all depends on the condition of experience and how well the person is in health, on many occasions older people are the best to walk in the mountains because they have more experience, so it is always good to ask and find out about their experience of older participant. If you have any other questions, please contact us. **For calls or inquiries to this number: [+51 943 081 066](tel:+51943081066)**

[Will I need to bring any technical equipment of my own? Is it possible to rent equipment, and if so, what would be the approximate cost of that?](#)

In all our trekking or mountaineering trips we do not include personal equipment in our prices, so you have to have your own equipment: Personal equipment (such as boots, ice ax, crampons, harness, sleeping bag, mat, Goretex, etc.) and also within each page of the trips that we sell is a small list so you can see it on our website.

Our company can also rent the materials that you would need for your trip, see the list here on our website: <https://peru-expeditions.org/equipment-rental/> . **For calls or inquiries to this number: [+51 943 081 066](tel:+51943081066)**

[Are there any other special requirements such as permits/insurance/vaccines that I need to consider before the tour?](#)

Safe and effective vaccines are available that provide strong protection against serious illness, hospitalization and death from COVID-19. Billions of people have been vaccinated against COVID-19. Getting vaccinated is one of the most important things you can do to protect yourself against COVID-19, help end the pandemic and stop new variants emerging.

We also recommend having accident insurance, we always recommend. We are **Partners –Global Rescue**. If you have any other questions about the trip we can schedule a date for a calling via WhatsApp. **For calls or inquiries to this number: [+51 943 081 066](tel:+51943081066)**

What experience do I need to have? How fit do I need to be? Is this program suitable for children or older people?

To do long-distance hiking you need to at least train or do some tours such as visiting lagoons to get the experience and feel comfortable with what you do, it is always good before doing a long-distance hiking tour to test yourself so as not to be with the problems of altitude sickness during the trekking, and if you travel with children it is good to first train them before taking them, if they are accompanied by an adult of legal age, they must do a good acclimatization before going on the long-distance tour or with high altitude camps If you want to know or learn more advice, we can schedule a call via WhatsApp to clarify your doubts. **For calls or inquiries to this number: [+51 943 081 066](tel:+51943081066)**

How far in advance should I start training and what kind of training do you suggest?

The preparation is according to what type and what technical level you want to go and climb a trek or mountain, the preparation will always gain experience little by little.

For this type of demanding or technical climbing sports, it is recommended to do some summits above 5 thousand meters beforehand and have good knowledge of high mountain technical equipment such as the use of technical ice axes, ice screws, correct use of crampons, and of course all the technical material. For more information, we can schedule an appointment to be able to explain in more detail everything about the mountain equipment and the preparations prior to joining our outings. **For calls or inquiries to this number: [+51 943 081 066](tel:+51943081066)**

What is the average distance and altitude gain that we will hike each day?

Every day we have active walks around approximately 4, to 5 sometimes 6 hours of walking, everything is according to your pace and physical condition of each person, in each of our travel programs you will find more detailed information, and if If you need more information about each day of the travel program, we can schedule a call via WhatsApp to clarify your doubts or questions, for this please contact us. **For calls or inquiries to this number: [+51 943 081 066](tel:+51943081066)**

[Will there be porters to help to carry group and personal equipment?](#)

In our trips, either hiking or mountaineering: Depending on the type or destination of the trip that you are going to book, in some parts of the treks you go with mules or donkeys or sometimes with horses, and within the mountain trips, the approach camps are also They go with mules or donkeys, but there are some stretches where pack animals can no longer reach. In this part, our logistics is fully supported by the porters.

Who are the porters? They are people from the area who were born and live in the heights of the towns, they are very strong and are very acclimatized, the reason is that after the tourist season ends they dedicate themselves to agriculture and livestock for that reason they are people They are used to the altitude and have lived in nature all their lives and they are happy to be in the mountains together with our expeditions. **For calls or inquiries to this number: [+51 943 081 066](tel:+51943081066)**

[How will accommodation and meals be handled during the trek?](#)

About accommodation or meals during the tour: Well, depending on the type of tour, when the tour is a classic cultural tour or a city tour, we eat during the route in tourist restaurants and sleep in category hotels that the client has requested.

If the tour is with camps and trekking: During the activity, logistics we include the service of Breakfast, Lunch, and Dinner with traditional and typical meals of the region where you are going to travel with us, during the night we stay in tents, and we have a special tent for the kitchen and another for the dining room.

If the trip is at altitude or in the mountains: We bring special high mountain food, It are quicker meals to cook and we provide complete logistics such as Breakfast, Lunch and Dinner, and we sleep in special 4-season high mountain tents, with the best tents. If you have any questions or concerns, we can schedule an appointment via Whatsapp to clarify all your doubts and give you better information so that your trip is an unforgettable tour.

[What is the guide-to-client ratio to climb this mountain?](#)

In mountains above 5000 meters: A local guide takes a maximum of 3 clients = Ratio 3pax = 1 local guide

In technical mountains: In large-big mountains we manage the travel policy, a guide and a maximum of 2 clients = Ratio 3pax = 1 local guide. **For calls or inquiries to this number: [+51 943 081 066](tel:+51943081066)**

[What is the best time of the year to climb this mountain?](#)

For all the trips that we offer within our main tourist destinations such as South America and Central America, also including the ascent of the 7 continents and the 7 highest peaks of each continent, on each page of our website for each trip we indicate that month or what season to travel, then please read the information you find in our travel offers for each tour. If you have any other questions you can contact us by WhatsApp with one of our travel experts. Thank you so much. **For calls or inquiries to this number: [+51 943 081 066](tel:+51943081066)**

[Do I have what it takes to succeed on this expedition?](#)

In the interest of the team's enjoyment and success, we work with every single guest to ensure they are properly prepared and ready for this expedition. We pride ourselves on vetting every member to make sure that the team can bond and succeed together. It really sucks to be grouped with members that are much faster, or much slower, than you are. No one wants to be the weakest link on a trip like this. By setting expectations and a solid training plan, we work to insure maximum cohesive success. Use this trip as an exercise motivator, and we will succeed together with style.

[How can I get to the trailhead/meeting point?](#)

For the pick-ups of each trip, depending on the place or the trip that you are going to make with us, the meeting point is always at our office, in one of our trips we pick you up where you are staying or staying, or in some cases a representative of our company will pick you up and then ship you to your transport to continue with your destination of the tour or trip you have booked with us. If you wish to request more information, do not hesitate to contact us. **For calls or inquiries to this number: [+51 943 081 066](tel:+51943081066)**

[What happens in the event of bad weather?](#)

About the meteorological conditions of the climate, we try to organize the trips of each tour in the best season to have the best views and enjoy the selected trip but sometimes even in good season we can have bad weather, in this case on hiking or treks trips the complications are minimal, but when this

happens during high-altitude climbing expeditions, the complications can become very difficult, that is why the bosses or leaders of the local guides must always make the most correct decision for the safety of our passengers, so we always recommend listening to the best advice from the local guide assigned for each tour. If you have any other questions please contact us. **For calls or inquiries to this number: [+51 943 081 066](tel:+51943081066)**

[Can I join a group?](#)

We as a local company and connoisseurs of tours have departures on different dates. The best thing to do is to join a travel group to take care of your budget, and of course you can join our groups, but on trips like mountaineering we recommend going in small groups. To join a group, ask us for the dates and we will send you the necessary information to be able to join any of our trips.

Why go in a private trip: For trips whether trekking or high mountains, going privately is the most recommended option, but the costs are more expensive. So, if one joins a group, the prices will be more reasonable. In the mountains, the only disadvantage is if you are in a wall with another partner and if one of the participants gets tired or gets sick. In this case, you have to abort or cancel the summit and return together. For more information, contact us. We can schedule a call via WhatsApp to clarify all your questions.

In a mountain, for example, if 3 people go and one of the participants falls ill on the route, for security reasons they have to cancel or abort the summit or return all together. The same in a technical mountain if the climbing partner gets sick they all have to return, for these reasons sometimes it is better to go private only because for a single person the costs are more expensive for the same reason that the trip would already be private .
