## Travel Program

### Day 1: Rurrenabaque – Chalalán Ecolodge

Welcome to Rurrenabaque! If your flight arrives before 12:00 p.m., you'll be transferred to the Chalalán office for a short briefing and a chance to freshen up before a short walk to the port. From there, we board a motorized boat and begin a breathtaking 5.3-hour journey along the Beni and Tuichi Rivers.

On the way, you'll marvel at the majestic Bala Canyon, surrounded by lush Amazonian forest. Soon after, we enter the world's most biodiverse reserve: Madidi National Park. Your local guide will point out wildlife along the riverbanks—such as caimans, monkeys, and a dazzling variety of birds including macaws, toucans, parrots, and more. With luck, you may even spot a tapir or a jaguar!

A short stop at a beach in the heart of Madidi offers a chance for a snack and rest before continuing. Upon arrival at the Chalalán port, a 25-minute walk through pristine forest leads you to the lodge nestled beside the beautiful Chalalán Lake. After a warm welcome and check-in, we enjoy a hearty lunch.

Later, we embark on an interpretive forest hike guided by a local expert who will explain the ecological significance and traditional uses of Amazonian plants and trees. The walk ends by the lake, where we return paddling in a canoe—perfect for spotting monkeys and colorful birds and capturing the beauty of the landscape. After a refreshing dip in the lake, dinner is served, followed by an optional night walk to discover the sounds and nocturnal life of the rainforest—including frogs, owls, and the glowing eyes of caimans near the lake shore.

*Note: If your flight arrives in the afternoon, you will be met at the airport and transferred to your hotel in Rurrenabaque for an overnight stay.*

### [What happens in the event of bad weather?](#)

About the meteorological conditions of the climate, we try to organize the trips of each tour in the best season to have the best views and enjoy the selected trip but sometimes even in good season we can have bad weather, in this case on hiking or treks trips the complications are minimal, but when this

happens during high-altitude climbing expeditions, the complications can become very difficult, that is why the bosses or leaders of the local guides must always make the most correct decision for the safety of our passengers, so we always recommend listening to the best advice from the local guide assigned for each tour. If you have any other questions please contact us. **For calls or inquiries to this number: [+51 943 081 066](tel:+51943081066)**

### [Can I join a group?](#)

We as a local company and connoisseurs of tours have departures on different dates. The best thing to do is to join a travel group to take care of your budget, and of course you can join our groups, but on trips like mountaineering we recommend going in small groups. To join a group, ask us for the dates and we will send you the necessary information to be able to join any of our trips.

**Why go in a private trip:** For trips whether trekking or high mountains, going privately is the most recommended option, but the costs are more expensive. So, if one joins a group, the prices will be more reasonable. In the mountains, the only disadvantage is if you are in a wall with another partner and if one of the participants gets tired or gets sick. In this case, you have to abort or cancel the summit and return together. For more information, contact us. We can schedule a call via WhatsApp to clarify all your questions.

In a mountain, for example, if 3 people go and one of the participants falls ill on the route, for security reasons they have to cancel or abort the summit or return all together. The same in a technical mountain if the climbing partner gets sick they all have to return, for these reasons sometimes it is better to go private only because for a single person the costs are more expensive for the same reason that the trip would already be private .
