Travel Program

Day 1: Arrival in Lima

¡Bienvenidos! Welcome to Lima, Peru's largest city and central metropolitan hub, and home to one-third of the country's population. Located at the site of a pre-Columbian indigenous Ychsma settlement, which was conquered by the Inca empire in the 15th century and later by the Spanish conquistadores, Lima has a fascinating history and a diverse mix of cultures. Amerindian, European, Afro-Peruvian, and Asian—especially Chinese and Japanese—influences make Lima a dynamic and exciting city to explore.

Lima's breezy location on the Pacific Ocean and mild desert climate make it the perfect city for exploring on foot. Head downtown to mingle with locals, stretch your legs, and grab a bite to eat in one of the many award-winning restaurants.

Suggested activities include:

- **Explore the historic center of Lima**, a UNESCO World Heritage Site packed with fascinating Spanish architecture. Start with a scenic tour of the colonial downtown, which emanates from the main square. Stroll over to the 16th-century Cathedral, which took 80 years to construct and was built in the grandiose style of the Spanish Empire.
- **Visit the Casa Aliaga**, a colonial mansion granted by chief conquistador Francisco Pizarro to Jerónimo de Aliaga, one of his captains, in 1535. This is the only house from that era that still belongs to the same family.
- **Stroll around the Pueblo Libre district** to the privately owned Larco Museum of pre-Columbian art, housed in a beautifully restored viceregal mansion built over a 7th-century pre-Columbian

pyramid. The museum boasts a vast pre-Colonial collection of gold and silver artifacts, as well as pieces of erotic art.

- **In the evening, head to the eclectic “Love Park”** in the upscale coastal district of Miraflores, where you can admire a huge kissing statue and beautiful mosaic walls. The park is built on the cliffs of Chorrillos and is a perfect place to enjoy a spectacular sunset over the Pacific.
- **Enjoy a nightcap at an open-air cafe** or restaurant in the diverse Miraflores neighborhood.

Dressing appropriately for the mountains can make the difference between a pleasant trip and a really uncomfortable one. Clothing must provide the right degree of temperature, perspiration and be well ventilated. Preferably cotton clothing should be avoided, as in humid conditions they absorb body heat.

In general, the weather conditions in in the Andes of South America can vary from day to day and even throughout the day. Therefore, clothing must be versatile.

Suggested FAQs

[What experience and how fit do I need to be to climb this mountain? Is this program suitable for children or older people?](#)

For our mountain climbing trips: If they are easily accessible mountains: For easy-climb mountains, well, you don't need much experience, but if you already want to climb mountains above 6,000 meters and the conditions become more difficult, we recommend if you already want to go through mountains above 6,000 meters, have a basic or intermediate course for a good preparation. It is very important to be physically, technically and psychologically prepared.

Regarding the preparation of children: Everything will depend on which mountain you want to climb with your children, once you are clear on which of our tours or mountains you want to go with your children, we can give you some advice or see how to prepare them before going with them.

Regarding older people: It all depends on the condition of experience and how well the person is in health, on many occasions older people are the best to walk in the mountains because they have more experience, so it is always good to ask and find out about their experience of older participant. In the interest of the team's enjoyment and success, we work with every single guest to ensure they are properly prepared and ready for this expedition. We pride ourselves on vetting every member to make sure that the team can bond and succeed together. It really sucks to be grouped with members that are much faster, or much slower, than you are. [What happens in the event of bad weather?](#)

About the meteorological conditions of the climate, we try to organize the trips of each tour in the best season to have the best views and enjoy the selected trip but sometimes even in good season we can have bad weather, in this case on hiking or treks trips the complications are minimal, but when this

happens during high-altitude climbing expeditions, the complications can become very difficult, that is why the bosses or leaders of the local guides must always make the most correct decision for the safety of our passengers, so we always recommend listening to the best advice from the local guide assigned for each tour. [Can I join a group?](#)

We as a local company and connoisseurs of tours have departures on different dates. The best thing to do is to join a travel group to take care of your budget, and of course you can join our groups, but on trips like mountaineering we recommend going in small groups. To join a group, ask us for the dates and we will send you the necessary information to be able to join any of our trips.

Why go in a private trip: For trips whether trekking or high mountains, going privately is the most recommended option, but the costs are more expensive. So, if one joins a group, the prices will be more reasonable. In the mountains, the only disadvantage is if you are in a wall with another partner and if one of the participants gets tired or gets sick. In this case, you have to abort or cancel the summit and return together. For more information, contact us. We can schedule a call via WhatsApp to clarify all your questions.

In a mountain, for example, if 3 people go and one of the participants falls ill on the route, for security reasons they have to cancel or abort the summit or return all together. The same in a technical mountain if the climbing partner gets sick they all have to return, for these reasons sometimes it is better to go private only because for a single person the costs are more expensive for the same reason that the trip would already be private .
