Travel Program

Day 1: Arrival in Lima; Free Day

Bienvenidos! Welcome to Peru! Upon your arrival at Lima Airport, you will be welcomed and taken to your hotel in the Miraflores/San Isidro area of the city. You will then have the remainder of the day free to relax and get acquainted with the city at your own pace.

Lima's breezy location on the Pacific Ocean and mild desert climate make it the perfect city for exploring on foot. The most traveler-friendly areas of Lima are Miraflores along with neighboring San Isidro and Barranco. The city center is also very interesting for its beautiful historical buildings. Explore any one of these districts on foot, but get transport between the city center and Miraflores/San Isidro/Barranco.

Suggestions of things you can do to make the most of your day in Lima include:

- Explore the **city center**, a UNESCO World Heritage Site packed with fascinating Spanish architecture. Start with a scenic tour of the colonial buildings, which emanate from the main square, **Plaza Mayor**. Stroll over to the grandiose 16th-century **cathedral**, which took 80 years to construct! And pay a visit to **Casa de Aliaga**, a colonial mansion full of period finery, granted by conquistador-in-chief Francisco Pizarro to Jerónimo de Aliaga, one of his captains, in 1535 – and miraculously still owned by the same Aliaga family today!
- Discover Pueblo Libre's privately-owned **Larco Museum** of pre-Columbian art, housed in a beautifully restored viceregal mansion built over a 7th-century pre-Columbian pyramid. The museum boasts a vast pre-Colonial collection of gold and silver artifacts.
- Wander the **malecón** along the clifftops in **Miraflores** to the romantic **Parque del Amor** (Love Park), where you can admire a huge kissing statue and beautiful mosaic walls. The park is built on the edge of the cliffs of **Chorrillos**: the perfect place to **watch sunset** sink over the Pacific.
- Enjoy an evening **meal or nightcap** at an open-air cafe or restaurant in sophisticated Miraflores,

and dream about the adventure awaiting you!

Day 3: Visit Kuélap, the 'Machu Picchu of the North'

This morning, you will depart Chachapoyas on a day trip to the archeological complex of Kuélap. After a 1-hour drive, you arrive at the embarkation point for the **cable car** on which you will now ascend for the majority of the way towards Kuélap. From the cable car tourist stop of **La Malca** you continue on an easy 1.25 mi (2 km) walk to the site itself.

This ancient citadel, former stronghold of the Chachapoyas people, pre-dates the Inca empire by half a millennium. The entire complex is surrounded by 65 ft (19.8 m) walls, which served as protection against invasions. This site was inhabited until the conquest by the Inca in 1470 and later the Spanish in 1534. The ruins sit majestically above a mountain ridge at 9,500 ft (2,895 m), and its towering **walls** and **round stone houses** have earned it the moniker "Machu Picchu of the North". From here, there are stunning views of the nearby valley. The guided visit will last approximately 2-3 hours, after which you will head back down the mountain and, after **lunch** in a local restaurant, return to your hotel in Chachapoyas in the afternoon.

Clothing must provide the right degree of temperature, perspiration and be well ventilated. Preferably cotton clothing should be avoided, as in humid conditions they absorb body heat.

Frequently Asked Questions

What our travelers or clients always ask questions before joining our trips, tours & expeditions, read all the information provided here.

Suggested FAQs

[What experience and how fit do I need to be to climb this mountain? Is this program suitable for children or older people?](#)

For our mountain climbing trips: If they are easily accessible mountains: For easy-climb mountains, well, you don't need much experience, but if you already want to climb mountains above 6,000 meters and the conditions become more difficult, we recommend if you already want to go through mountains above 6,000 meters, have a basic or intermediate course for a good preparation. It is very important to be physically, technically and psychologically prepared.

Regarding the preparation of children: Everything will depend on which mountain you want to climb with your children, once you are clear on which of our tours or mountains you want to go with your children, we can give you some advice or see how to prepare them before going with them.

Regarding older people: It all depends on the condition of experience and how well the person is in health, on many occasions older people are the best to walk in the mountains because they have more experience, so it is always good to ask and find out about their experience of older participant. [What happens in the event of bad weather?](#)

About the meteorological conditions of the climate, we try to organize the trips of each tour in the best season to have the best views and enjoy the selected trip but sometimes even in good season we can have bad weather, in this case on hiking or treks trips the complications are minimal, but when this

happens during high-altitude climbing expeditions, the complications can become very difficult, that is why the bosses or leaders of the local guides must always make the most correct decision for the safety of our passengers, so we always recommend listening to the best advice from the local guide assigned for each tour. If you have any other questions please contact us. **For calls or inquiries to this number: [+51 943 081 066](tel:+51943081066)**

[Can I join a group?](#)

We as a local company and connoisseurs of tours have departures on different dates. The best thing to do is to join a travel group to take care of your budget, and of course you can join our groups, but on trips like mountaineering we recommend going in small groups. To join a group, ask us for the dates and we will send you the necessary information to be able to join any of our trips.

Why go in a private trip: For trips whether trekking or high mountains, going privately is the most recommended option, but the costs are more expensive. So, if one joins a group, the prices will be more reasonable. In the mountains, the only disadvantage is if you are in a wall with another partner and if one of the participants gets tired or gets sick. In this case, you have to abort or cancel the summit and return together. For more information, contact us. We can schedule a call via WhatsApp to clarify all your questions.

In a mountain, for example, if 3 people go and one of the participants falls ill on the route, for security reasons they have to cancel or abort the summit or return all together. The same in a technical mountain if the climbing partner gets sick they all have to return, for these reasons sometimes it is better to go private only because for a single person the costs are more expensive for the same reason that the trip would already be private .
